

NOTES
 This diagram reflects the proposed high-level process for modifying reservations. The shaded 'Edit Reservation' area describes all of the modifications that will be accessible from the 'My Reservation' page. Linking/unlinking staterooms is external to "modifying" the reservation, but can still be accomplished from the 'My Reservation' page. The guest will also be able to add a stateroom and change their cruise date; these processes will require exiting the 'My Reservation' page to make these modifications and enter the booking engine. At the end changing a cruise date or 'Edit Reservation' changes, the guest will continue through the steps in the fourth shaded section - 'Review/Compare' → 'Apply Payment' → 'Confirmation'.
 Annotation numbers for the specified modifications are described on subsequent pages.

Legend
 <x> Indicates annotated process
 np Indicates 'New Page' in flow
